

List of professionals in Australia who are receptive to discussing PDA as a behavioural profile of Autism.  
Please note that they are not PDA specialists and do not all diagnose ASD.

Only the individuals on the list have been recommended. Other professionals in the same practices may, or may not, be receptive.

Also, some may have notes next to their names saying that they are not taking on new patients/clients but it may still be a good idea to ring and go on

waitlist as cancellations do occur :)

(States listed in alphabetical order)

Australia Wide

-----
